2" Tolerance on each size

This is a general sizing guide for our garments to help guide you in choosing the style and fit you would like in our knitwear.

Please note our garments are predominately designed as outerwear for layering over lighter garments and our sizing will reflect this as it is our garment size we are showing over body size.

There is a +/- 2" tolerance on sizing due to: the knit fabric construction, the nature of natural yarns we use in our garments, the make-up methods, the hand finish of our garments, and the ease and style of garments which all contribute to fit and style.
